

The MSB Young Scientist Award is intended to give talented young scientists extra encouragement. It is presented annually during the MSB symposium to a young researcher whose outstanding work sets an example for other scientists. All presenters of an oral contribution who are less than 35 years of age at the end date of the meeting are eligible for consideration (proof of status as student or postdoctoral fellow will be required). An international jury of both young and mature scientists judge the qualified presentations and choose a winner.

## Best Poster Awards

All posters presented at MSB 2021 will be considered in competition for an MSB 2021 Poster Award. The posters will be reviewed by an international panel of scientists and ranked based on novelty and originality of the work, creativity and potential for innovation; scope of work, technical quality of experimental design, and execution of experiments; readability of the presentation and author's explanations. Poster awards comprise cash prizes and book vouchers. Winners will be announced and the prizes awarded during the Awards Session/Closing Ceremony.
